R1,438

ACK-3401U

Supports Windows & Mac

The compact design of this board allows you to have a smaller footprint, more ergonomic form factor and room for wider mouse movement. It's also an ideal choice if your desk doesn't have much space!

Compact Keyboard

The keyboard is a perfect addition to any office & gaming space. Not only does it have an elegant and modern design, but the Soft Skin coating on the keys makes them feel soft against your fingers!
