

Kensington Slim Combination Laptop Lock - Sicherheitskabelschloss

Model: K60600WW

Manufacturer: KENSINGTON

EAN: 085896606000

Product Code: 1519395

R1,296

With today’s thinner laptops and tablets, a traditional cable lock head might be too thick, unevenly raising the device off its surface. The Slim Combination Laptop Lock is the strongest keyless locking solution that allows ultra-thin & 2-in-1 laptops with standard lock slots to lie flat and stable.
