Superior touch performance for demanding environments

Great first impressions can make all the difference; presenting your business in the best possible way will boost your brand. With a modern, bezel-free styling, 24/7 operation and reduced reflections when ambient light is high, the NEC MultiSync® M series PCAP touch engages audiences and facilitates collaboration.

With the powerful Intel® Smart Display Module (Intel® SDM) computing device, you are primed and ready to provide an exceptional interactive experience to your customers. Perfectly suited to the rigors of public usage, the robust glass surface is resistant to scratches whilst its anti-glare property makes the M series PCAP touch models suitable for use even in areas of high ambient light.
