Clamshell Notebook Bag - smart, convenient design for your laptop

Many notebook bags are top loading, which means they form a sort of bucket inside the main compartment. If you have an inner pocket with several accessories, you are forced to pack them vertically on top of each other. The full clamshell opening of the Manhattan Cambridge Notebook Bag 15.6" makes access to the inner compartment much more convenient. This construction lets you find the right item easier, and it’s also makes it a big help with handling your laptop at airport security inspections. Beyond that, the Cambridge Notebook Bag features many stowing options that you’ll be glad to have on your trip. Never know where to safely put your or your customers’ business cards? A separately little pocket keeps them safe and crease-free. Large front, rear and interior pockets offer plenty of space for cables, files, headphones and more. The notebook compartment itself is amply padded to protect your valuable device from bumps and scratches. Thanks to its compact design, this Notebook Bag can be easily stowed in seat pockets or overhead bins. A sturdy handle and a removable, non-slip shoulder strap ensure safe and comfortable transportation.
