L-BOXX Micro Professional: Further information

Product Highlights

The L-BOXX Micro is the compact storage option and the extension for the XL-BOXX. It is a lightweight, fully transparent, and shatterproof assortment box with flexible dividers for up to 8 compartments. To keep a full overview of accessories and consumables like screws, nuts, washers, or dowels, the L-BOXX Micro can be attached to the outside of an XL-BOXX. Thanks to the established click system, several boxes can be securely stacked on top of each other to provide maximum storage space.

Equipment & Application

The L-BOXX Micro enables safe transport and neat storage of accessories and consumables. It is compatible with XL-BOXX and L-BOXX inset box sets.
