Do you have what it takes to make it through a 3D maze of 100 challenging obstacles? Put your skills to the test with Perplexus Beast. Flip, twist and spin Perplexus Beast 360 degrees to navigate the ball along the numbered track. Maneuver tricky obstacles like the laughing man, tight rope and super spiral without falling off the track. If your ball falls, head back to the start and try again. It's an intense, bendy challenge you won't be able to put down. With multiple levels of difficulty to master, keep the ball rolling with Perplexus Rebel and Perplexus Epic (each sold separately). Level up and master the challenge of Perplexus Beast.

Includes: 1 Perplexus Beast, 1 Instruction Sheet
