

Bosch UniversalLevel 2 Set Line level 10 m 650 nm (<1 mW)

Model: 0603663903

Manufacturer: BOSCH

EAN: 4059952647975

Product Code: 1523889

R3,435

The laser level for projects requiring precise alignment and point transferring

With intuitive use, precision, and high-quality bright laser diodes, the UniversalLevel 2 makes finishing projects requiring a high level of accuracy effortless. Its three preprogrammed modes (self-levelling laser cross, self-levelling laser cross with plumb points, and incline function) enable easy aligning and transferring. Its 120° opening angle projects longer laser lines, enabling accurate projections even at short working distances. It also features an integrated 1/4' tripod thread along with a levelling accuracy of +/- 0.5 mm/m and a 10-m maximum go-in range. It is perfect for hanging pictures or shelves, wallpaper, centring light fixtures, and installing banisters or curtain rails.
