exceeds industry standards.

Quick, Toolless Setup

The MPO/MTP Fiber Coupler is optimized for OS2/OS1 and OM3/OM4 fiber links. The coupler features toolless setup to simplify installation into fiber adapter panels and enclosures. Ideal for fast deployment in data centers, enterprise networks, and telecom applications.

Ideal for Fixed Installations

The MPO Coupler features a durable ABS housing and precision alignment structure for accurate multi-fiber mating, minimizing signal loss for long-lasting reliability and performance. The side metal mounting tabs enable fixed, secure positioning in high-density fiber installations.
