From the initial sample to series maturity: our products undergo strict and comprehensive quality controls, managed and carried out in Germany. This enables us to guarantee compliance with all specifications, guidelines and standards – and satisfy the strictest demands.

High-quality Qi2 charging pad

Qi2 charger in high-quality design for the desktop: simply place the smartphone on the charging pad with the Qi2 standard and charge

Magnetic induction charger

The integrated magnetic ring means that compatible devices can be easily docked onto the charger and perfectly positioned for efficient charging - without any fiddly manual alignment

Flexible positioning

For every viewing angle: the smartphone holder can be inclined from 0 - 65 degrees so that you can view your mobile phone without straining your neck. You can rotate the smartphone itself on the wireless charger around 360° to suit, or position it in portrait or landscape format

Charging pad for headphones

Even more wireless charging: headphones can be charged wirelessly with a maximum of 5 W on the silicone tray

Charging station also for Apple Watch

Halfway up the charging station: simply dock your Apple Watch and charge it wirelessly at up to 5 W

Compatible with Apple MagSafe and magnetic Hama mobile phone cases

Universal Qi2 standard: the induction charger works with all original Apple MagSafe products and Hama mobile phone cases with a magnetic ring, as well as with all Qi2-compatible devices

USB-C socket for charging

Charging with USB-C also works: whether mobile phone, power pack or Bluetooth speaker with USB-C connection - these devices also have a refuelling option at the USB-C socket of the charging station

Sophisticated aluminium housing

High-quality and robust metal housing with rounded aluminium edges for an elegant look

Wireless charging with Qi2

Wirelessly charge smartphones and other compatible devices with Qi2 technology

Wireless fast-charge technology

Wireless fast charge technology guarantees extremely fast charging

Can be used with smartphone case

Smartphones in magnetic wireless charging-compatible cases do not have to be removed and can be charged wirelessly right away

Automatic device recognition

Connected devices are automatically detected and optimally charged

Max. charging speed

Charging process optimized for the device which guarantees maximum charging speed

Saves the battery during the charging process

Optimized charging process saves the battery thus extending its service life

Stylish look and feel

Table charger in appealing design looks good, feels good and fits perfectly in every office and home environment with its discreet black-anthracite design
