Model: H4D73AA

Manufacturer: HP INC

EAN: 887111228833

Product Code: 1526066

R1,663

Secure your HP Ultrabook™ or laptop PC quickly and easily with the HP Ultrastim Keyed Cable Lock.

- The slimmest lock available from HP, the HP Ultrastim Keyed Cable Lock is designed for the ultra-slim profile of HP Ultrabook™ PCs and offers compatibility with any HP notebook with a security lock slot.
- A 5.9 ft (1.80 m) vinyl-coated, galvanized aircraft-grade steel cable loops around any secure object and then attaches to the notebook with a push-button locking mechanism and a unique key (including a spare key).
- Swivel and adjust the cable 360 degrees to wherever you need to tether your PC to a table, desk, or other device.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
