

Verbatim 55033 3D printing material ABS Black 1 kg

Model: 55033

Manufacturer: VERBATIM

EAN: 023942550334

Product Code: 1528403

R1,489

Overview

A popular, highly durable filament with a glossy, smooth finish. ABS has a high melting temperature compared to other materials available for 3D printing, making it well suited for applications where heat resistance is important such as concept modelling for the building, electrical and automotive industries. Verbatim ABS is made to a special recipe with high quality controls as standard.
