Eco-friendly slim laptop bag made of recycled PET materials; for laptops up to 16 inches

Smart Storage

Make your work routine easier by keeping everything close, safe and organised. The Bologna Slim Laptop Bag offers padded storage for laptops of up to 16 inches (26 x 37 cm) and a separate front zip pocket to securely store other belongings. A smart storage solution for the modern professional.

Padded Protection

The top loader design provides easy access to the main compartment. Fitted with ultrasoft microfiber lining, this padded compartment is dedicated to keeping your laptop safe from scratches on the inside and bumps on the outside. The front pocket with zip closing offers extra storage for

small accessories, such as a phone, charger, and other useful items.

Eco-Friendly Design

Style, function and a clear conscience; the Bologna has it all. The bag’s eco-friendly fabric is made from up to 11 recycled PET bottles. Reduce your carbon footprint by carrying a bag that is almost completely made from recycled materials.

Commuting Made Comfortable

The Bologna holds your laptop and other essentials while being comfortable for you too on your commute. Practical and lightweight, it can either be carried by the handle, or by the removable strap that can be adjusted for a custom fit.
