Charlottenborg is a functional and eco-friendly backpack made from recycled plastic. The bag is designed for everyday use and easy access to all your daily needs. Keep your laptop and iPad safe in the padded compartments and easily organize things like your phone, pens, and notebooks with the bag’s multiple internal pockets.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
