GLI 18V-800 Professional: Further information

Product Highlights

The GLI 18V-800 Professional provides excellent illumination of the working area. With 3 brightness levels, the 20 LEDs can be adjusted up to 800 lumens. The work light's compact design and its strong magnet and swivel metal hook offer you maximum versatility. Its innovative folding mechanism with a 360° swivel and 180° tilt light head helps you to bring light to every corner, while the single-button control makes it easy to use.

Equipment & Application

The GLI 18V-800 Professional illuminates small- to medium-sized work areas or confined spaces, ideal for electricians, plumbers, and others. The work light is compatible with all AMPShare Alliance 18V batteries and chargers including all batteries and chargers in the Bosch Professional 18V System.
