

3M 5935 Particulate filter 2 pc(s)

Model: 5935PRO2

Manufacturer: 3M

EAN: 5902658103162

Product Code: 1531242

R1,090

3M™ Particulate Filter 5935 is a replacement filter designed to offer P3 protection against solid and liquid particles. They can be used with 6000 series filters in conjunction with a 501 filter retainer for combined gas and particulate protection such as commercial painting tasks. Each pack contains two pairs of filters and a pair of 501 filter holders. It contains no natural rubber latex components.

Use 3M™ Particulate Filter 5935 to help provide P3 protection against high level fine dusts and oil, or water based mists while orbital or manual sanding. Our replacement filters fit with 6000 series filters in conjunction with a 501 filter retainer for combined gas and particulate protection. 5935 is suitable for trade use when orbital or manual sanding or when there is a need for combination gas, vapour and particulate protection such as paint spraying. Tested and approved to comply with European standards it's compatible with 3M Eyewear and Hearing Protection and contains no natural rubber latex components.
