ACT USB-C hub 3.0, 2x USB-A, 2x USB-C

Model: AC7072

Manufacturer: ACT

EAN: 8716065550306

Product Code: 1531260

R1,386

The ACT AC7072 USB-C Hub adds two USB-A ports and two USB-C ports to your laptop or computer. The hub is compatible with the USB 3.2 Gen1 standard, also known as USB 3.0, which offers SuperSpeed USB 5Gbps. The built-in USB-C power port can provide additional power for connected USB-A/USB-C devices that require more power.

Add four extra USB ports to your laptop

The ACT AC7072 USB hub has a lightweight solid aluminium design that fits easily into your laptop bag. The hub adds four extra USB ports to your laptop or computer for connecting USB-A and USB-C peripherals. Connect the USB hub to the USB-C port of the computer.

5Gbps SuperSpeed USB 3.2 Gen1 (USB 3.0)

The ACT AC7072 hub complies with the USB 3.2 Gen1 standard. This standard enables data transfer speeds up to 5Gbps. The AC7072 4-port hub is backward compatible with USB 3.0, USB 2.0 and USB 1.1.

Optional USB-C power port

The hub itself is USB powered once connected to a laptop/computer and will provide enough power to support the connected peripherals such as a wireless mouse, keyboard, USB stick or SSD.

The hub has a built-in USB-C power port to connect an optional USB-C cable and charger to power connected devices that require additional power. You might need this if you want to connect a 2.5” HDD. Use a standard USB charger and connect a USB-C charging cable to the built-in USB-C power port. The USB charger and cable are not included.
