

Samsung Galaxy Buds3 R530 – Silver EU

Model: SM-R530NZAAEUE

Manufacturer: SAMSUNG

EAN: 8806095645896

Product Code: 1531423

R5,809

Secure fit for sensational sound

Re-imagined design, engineered for incomparable sound. Feel the difference with our all-new, open-type earbuds with a snug, angled fit to seal in sound.

Ergonomically engineered for easy listening

Our new angular design has been meticulously crafted based on 3D ear data collected from a computational design tool to check for wearability. It's made to optimise sound and minimise ear canal pressure, making it ideal for day-to-day wear.

Change it up with just a touch

Leave your phone in your pocket and conveniently control your earbuds by using simple gestures. Even with a swift swipe, rest assured your Galaxy Buds3 stay securely in your ears.

Bring the beat in

Equipped with an new 11mm speaker with a 1.5x amp-enhanced diaphragm, step up your sound and go from dull to dynamic.

Hi-Fi sound that hits different

Retain ultra high quality audio from the recording studio to your Galaxy Buds3. The Samsung Seamless Codec compresses and encodes up to 24bit / 96kHz audio. Then, decodes on the Galaxy Buds3, maintaining the 24bit / 96kHz, high-fidelity sound so you can hear the intricate details, just as it was intended.

Galaxy AI makes music enjoyable for any ear

Delve into your personal soundscape with Galaxy AI-assisted Adaptive EQ/Adaptive ANC. Based on individual ear shape and wearing habits, our AI-boosted algorithm analyses sound detected through the inner and outer mics in real-time. Then, Galaxy AI optimises your listening experience by adjusting the sound to conform to your fit with pinpoint precision.

ANC lets you hear it clear

Take the guesswork out of sound setting with ANC. Whether you're enjoying the latest shows, on a call with your bestie or listening to your playlist, listen with the right adjustments wherever you go.

TV 360 Audio puts you front and centre

Dive into a spatial sound experience. 360 Audio is a feature that identifies the exact direction of the sound as you tilt your head, providing surround sound for a more vivid listening and viewing experience.
