Model: 1289

Manufacturer: PANZERGLASS

EAN: 5715685003127

Product Code: 1531561

R1,135

Want more impact protection with less impact on the planet? This PanzerGlass® HardCase has a back cover made of 100% recycled plastic and keeps your phone safe from drops, shocks, scratches and most of whatever else life might throw at you. The case has even been drop-tested according to 4 x Military Grade Standard, which means it can withstand several drops from a height of 4.8 metres or a sitting-on-a-balcony-and-accidently-dropping-your-phone kind of height. The HardCase protects and prolongs the lifetime of your phone so that one day you can pass it on to someone else who will love it just as much as you do. This is one way to work towards a more sustainable future. Another is to use less packaging: In 2024, we reduced the amount of paper in our PanzerGlass® core product packaging design by an average of 66 %*.

The wireless charging compatible HardCase features a stiff, transparent back cover surrounded by a softer frame. Both back cover and frame are anti-yellowing so your case will continue to look great day after day, even with heavy use. For extra protection, combine the case with a PanzerGlass® screen protector and a PanzerGlass® PicturePerfect or HoopsTM camera lens protector.
