Model: 1298

Manufacturer: PANZERGLASS

EAN: 5715685003219

Product Code: 1531566

R1,155

Want more impact protection with less impact on the planet? This PanzerGlass® HardCase has a back cover made of 100% recycled plastic and keeps your phone safe from drops, shocks, scratches and most of whatever else life might throw at you. The case has even been drop-tested according to 3 x Military Grade Standard, which means it can withstand several drops from a height of 3.6 metres or a sitting-on-a-balcony-and-accidentally-dropping-your-phone kind of height. The HardCase protects and prolongs the lifetime of your phone so that one day you can pass it on to someone else who will love it just as much as you do. This is one way to work towards a more sustainable future. Another is to use less packaging: In 2024, we reduced the amount of paper in our PanzerGlass® core product packaging design by an average of 66 %*. And of course, we continue to deliver all our products in recyclable FSC™-certified boxes.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The wireless charging compatible HardCase features a stiff, black tinted transparent back cover surrounded by a softer black frame. Both back cover and frame are anti-yellowing so your case will continue to look great day after day, even with heavy use. For extra protection, combine the case with a PanzerGlass® screen protector and a PanzerGlass® PicturePerfect or Hoops™ camera lens protector.

*Reduction from 2022-2024 measured by comparing selected products from the PanzerGlass® core range.
