Say goodbye to messy cables with the innovative magnetic design. This feature ensures the cable stays neatly coiled and ready for use, making it ideal for desks, cars, or bags. The durable braided exterior withstands over 30,000 bends, ensuring a long-lasting and clutter-free charging experience.

Built to Last

Crafted with a thick copper core and premium materials, the Sync & Charge Magnetic Cable ensures durability without compromising on flexibility. Its robust construction provides reliable performance and resistance to wear, making it a dependable companion for your daily charging and syncing needs.
