Unleash lightning-fast potential

ASUS Master Thunderbolt™ 5 Dock is a 13-in-1 dock designed for creators, giving them the ability to turn their laptop into a powerful workstation with just a single cable connection. The dock is able to support up to three 4K displays, super 80Gbps data transfer speed via three Thunderbolt 5, read two memory cards, and even includes an SSD slot for additional storage. Built-in LEDs on the underside of the device offer adjustable ambient lighting to add a futuristic aesthetic to any creative space.

PRODUCTIVITY

Triple 4K display support with Thunderbolt™ 5

ASUS Master Thunderbolt™ 5 Dock boasts three Thunderbolt™ 5 ports to support up to two 8K, or up to three 4K displays, enabling more productive multitasking and offering creative professionals greater levels of detail to work with.

VERSATILITY

Unparalleled 8K visuals

Enthralling 8K resolution viewing experiences are possible with Thunderbolt™ 5 connectivity. Check the table below for specific resolutions1 for all monitor2 combinations.

SPEED

Faster data transfers

2.5G Ethernet and Thunderbolt™ 5 connectivity facilitate high-speed file transfers, so users get more done in less time — it takes just 6 seconds to transfer a 20 GB image file. Additionally, the UFP Thunderbolt™ 5 port offers convenient PD3.1 140W passthrough charging for mobile devices and other peripherals.

SHARE

Thunderbolt™ Share unlock PC-to-PC experiences

Experience high-speed Thunderbolt™ Share with ASUS Master Thunderbolt™ 5 Dock. Download the software in the link below and enjoy these benefits: secure and fast PC-to-PC access for sharing screen/monitor, keyboard, mouse, and storage. Sync folders or drag-and-drop files between PCs at Thunderbolt™ speeds. Quickly transfer data from an old computer to a new one. Features hardware-based security, making it commercially ready.

SCALABILITY

Effortless SSD Storage Expansion

The toolless-access design of ASUS Master Thunderbolt 5 Dock includes a magnetic top cover that can be removed to reveal the concealed M.2 NVMe® PCIe® 4.0 SSD slot for quick and easy storage upgrades and installation without the need for any tools. The slot enables supports up to 64Gbps transfer speeds — twice that of Thunderbolt™ 4 — for efficient handling of large files.

DESIGN

Modern aesthetics with built-in ambient lighting

The streamlined, durable aluminum chassis of ASUS Master Thunderbolt™ 5 Dock includes ambient RGB lighting to give it a visual aesthetic that blends seamlessly in any space, be it a professional design studio or home office.

DESIGN

A well-organized workstation

The compact rectangular design of ASUS Master Thunderbolt™ 5 Dock fits perfectly under a monitor
