ASUS ATS-750G power supply unit 750 W 20+4 pin ATX ATX Black

Model: 90YE04A1-B0NC00

Manufacturer: ASUS

EAN: 4711387870020

Product Code: 1532484

R2,564

ASUS 750W-ATS Gold PSU brings efficient and durable power delivery to all-round PCs, and gaming rigs.

With 80+ Gold certification, dual ball fan bearings, etched cables and a 3-year warranty, the PSU brings efficient and durable power delivery to reliable performance for the system build.

80 Plus Gold Certification

Heart of gold

The PSU features efficient, low-ESR capacitors to ensure efficient operation — affording it 80 PLUS® Gold status. This means it delivers up to 92% efficiency, resulting in less heat, reduced fan noise, and increased reliability.

COOLING

Dual Ball Fan Bearings

2X Longer Lifespan

Dual ball bearings boast an extensive lifespan of up to 80,000 hours, lasting twice as long as sleeve bearings and exceeding even fluid dynamic bearings. This means long-lasting, reliable cooling with minimal noise when you choose the PSU.

EXPERIENCE

Etched Cables

Made from a pliable premium material, these etched cables are easily flexible during installation, and they operate at temperatures 50°C lower than the safety limit when routed for cable management. These cables also meet the rigorous standards of the UL1581 flame test and UL758 certification, helping to ensure a smooth PC DIY experience and exceptional safety.

DIY-friendly CPU Power Connector

Engineered with a distinct clip between the 4+4 pin connectors and a unique color scheme, this CPU power cable simplifies cable identification during installation. The integrated clip helps to ensure a secure and effortless connection to the motherboard's CPU power connector, streamlining the build process and instilling confidence in your PC setup.

3-year Warranty

We're so confident about the reliability of the PSUs that we back them with a 3-year warranty.
