TP-Link InSight S345S Bullet IP security camera Outdoor 2688 x 1520 pixels Ceiling/Wall/Pole

Model: InSight S345S(4mm)(UN)

Manufacturer: TP-LINK

EAN: 8885020625608

Product Code: 1532758

R12,110

See True Colors and Details in the Dark

Unveiling every detail in the dark, experiencing clarity and color as vivid as daylight — no extra fill lights needed.

Worry-Free Night Surveillance: Beyond IR & Full-Color

Eliminates general night vision issues like dark corners, glare, and color loss — enjoy worry-free nighttime monitoring.

See Vividly — Even No Extra Fill Lights Needed

Enables full-color imaging in low-light conditions without fill-in lighting, reducing both energy consumption and insect-triggered false alarms for a more eco-friendly solution.

People or Vehicle Triggered Intelligent IR-White Lights Reveal More in Total Darkness

In complete darkness with zero illumination, VIGI’s intelligent infrared-white lights will automatically activate white lights upon detecting people or vehicles, delivering vivid color imaging while deterring intruders.

VIGI AI Detection Technology

People & Vehicle Analytics: Search and filter to people or vehicle of interest based on many different attributes, like hair length, upper body color, vehicle type, making post-event search faster and easier.

Human & Vehicle Classification: Distinguish humans and vehicles from other objects, such as moving animals, falling leaves, changing lights, and receive more accurate event notifications.

Smart Video Enhancement Technology

True WDR: By analyzing and blending different exposures, True WDR ensures both bright and dark areas remain properly exposed, delivering a well-balanced and natural-looking image even in environments with high-contrast lighting.

Smart IR: Smart IR dynamically adjusts infrared lighting to prevent overexposure and glare, improve visibility at different distances, and ensure clearer footage.

3D DNR: 3D DNR is a noise reduction technology that analyzes image data across frames to selectively reduce noise while preserving important details.

White Balance: White Balance ensures that white appears neutral in an image, regardless of the lighting conditions.

Efficient H.265+ Compression Technology

H.265+ reduces the required bandwidth and storage space for videos while maintaining excellent image quality. It saves 57.5% and 15% more storage space compared to H.264 and H.265, respectively.
