Create reliable 8K connections with the advanced capabilities of Ultra High Speed HDMI

This Certified Ultra High Speed HDMI™ 2.1 Cable is designed for reliable performance in enterprise, AV, and IT environments. HDMI 2.1 specifications are permanently etched into each connector-an exclusive feature that eliminates guesswork, ensures compatibility, and confirms the cable's ability to support high-bandwidth performance.

Experience Full-Featured HDMI 2.1

Drive sharp 8K video, fast refresh rates, and high-resolution visuals on UHD displays, workstations, video walls, and AV installations. This Ultra High Speed HDMI 2.1 cable supports 8K at 60Hz, 5K at 60Hz, 4K at 120Hz, and up to 48Gbps bandwidth for consistent, reliable signal quality.

Deliver deep contrast and accurate color with support for HDR10+ and Dolby Vision. Enable immersive 32-channel audio using eARC, Dolby Atmos®; DTS:X®; and 7.1 Dolby® TrueHD. Maintain secure content delivery with HDCP 2.3 across HDMI 2.1 and legacy devices.

Certified for Guaranteed Compatibility

The 8K HDMI Cable is certified by an HDMI Authorized Test Center and undergoes rigorous compliance testing to verify support for all HDMI 2.1 high-bandwidth features. It is EMI-tested to ensure minimal interference with nearby wireless signals. This cable works with all 8K ready devices and is backward compatible with previous HDMI specifications.

Flexible Cable, Built for Durability

Route this HDMI cord easily around corners, behind displays, between desks and other equipment with a flexible, halogen-free TPE jacket and robust connector strain reliefs. Aluminum-Mylar foil with braided shielding minimizes EMI in dense setups and shared spaces. Gold-plated connectors preserve signal integrity and resist corrosion, and are rated for 10,000+ insertions to support both daily wear and long-term use.
