Heir To The Throne

The Titan Pro V2 carries forward the legacy of the Armor Titan Pro, one of the first larger-sized gaming thrones. The epic proportions and sturdy support of its predecessor return with modern refinements to reclaim its kingdom.

LiftBack Support

Exclusive to the Titan Pro V2, the LiftBack advanced lumbar support is an angled evolution of the PushBack lumbar support. Integrated directly into the chair, it lets you control your exact preferred pressure on your lower back at an optimal angle, supporting the natural curve of your spine and encouraging orthopedically sound alignment.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Mighty are the Strong

Built on a reinforced steel frame with support for up to 160kg, the Titan Pro V2 stands tall where others fall short. Its ergonomically-contoured large structure delivers commanding comfort, making it a throne worthy of kings — and those who play like them.

Scalloped Bucket Seat

The seat is more gently scalloped than the angled flanks on conventional bucket-style seats , providing a wider support area and more robust cushioning.

Ergonomic Body-Embracing Design

Engineered with a high-back profile and full-body support, Titan Pro V2 relieves pressure from your lower back and maintains posture through long sessions.

Plush Velvet Upholstery

Wrapped in plush velvet with PVC leather accents and classic diamond stitching, the Titan Pro V2 combines regal luxury and performance.

Magnetic Memory Foam Neck Pillow

Equipped with a Magnetic Memory Foam Neck Pillow, the Titan Pro V2 lets you easily position the pillow to your exact preference. The memory foam conforms to your body's shape, relieving pressure on your neck and making sure you stay healthy when the game runs long and you’re under siege.

4D Adjustable Armrests

4D armrests provide arm support adjustable in 4 different dimensions: height, backwards/forwards, left/right, and swivel angle.

Extra Storage

The Titan Pro V2 features a back pocket for conveniently storing essential items.

Best in Class: Class 4 Gas Lift Cylinder

The class gas lift cylinder is TÜV certified, guaranteeing safe, reliable and smooth height adjustment.

Vortex Aluminum Alloy 5-Star Base with Extra-Size Wheels

Equipped with a Vortex aluminum alloy 5-Star base and extra-size wheels, the Titan Pro V2 provides stability and ease of use.

Adjustable Design

155º Reclining

The Titan Pro V2 allows you to recline from 90º to 155º. Stay upright for work or play and lie down when you need to rest.

Piston Lift Height Adjustment

Premium quality piston lift lets you easily adjust the height of the Titan Pro V2.

Rock Your World

Adjusting the tilt tension lets your body recline and rock comfortably within a small angle range at just the right amount of pressure. Lock in your perfect position!
