

Bosch MC812M844 food processor 1250 W 3.9 L Black, Stainless steel

Model: MC812M844

Manufacturer: BOSCH

EAN: 4242005109340

Product Code: 1534438

R5,940

Highlights

Multifunctional. One appliance for any task.

Helps you with almost anything, making a lot of tasks easier. The compact food processor chops onions, nuts and Parmesan cheese. It cuts, slices, mixes, purees and stirs doughs, whips cream and has many other impressive functions.

Stylish, effective and practical.

The universal connection fits all attachments and is extremely practical, ensuring a high level of functionality and convenience. It also enables a compact and attractive design.

Convenience

Large mixing bowl — space for everything.

With its 3.9 l volume for a maximum dough quantity 2.0 kg, this mixing bowl offers sufficient space for creative ideas. With up to seven processing levels and a powerful pulse function.

excellent results

1250 watts of power open up all kinds of possibilities.

Optimal power with 1250 watts, so you can handle difficult tasks and large quantities. You'll get the desired consistency in perfect quality — with exceptional speed and thorough results, even with particularly demanding doughs such as yeast doughs and bread doughs.

Supercut blade. Goes through thick and thin.

With its serrated edge and large cutting surface, the innovative Supercut universal blade cuts easily and accurately through ingredients like hard and soft vegetables while remaining sharp for significantly longer. Fish, meat and herbs are also easy to cut.

Optimal settings for any task.

With an infinitely variable speed with LED display, as well as a function for optimal crushing and a pulse function for working in intervals (e.g. when crushing ice), it couldn't be easier.

Safety

Safety included. Always on the safe side.

Thanks to the lid latch on the plastic mixing bowl and the mixer attachment, maximum safety is guaranteed at all times when operating the compact food processor.
