Model: 200118656

Manufacturer: ZAGG

EAN: 840390356277

Product Code: 1535158

R1,089

Protect your screen and your personal information. Glass Elite Privacy screen protection is made with ultra-strong tempered glass, tested up to 5x stronger than typical, basic glass screen protection. The two-way privacy filter shields your screen from prying side-eye glances. Anyone trying to sneak a peek from the side only sees a darkened screen. In addition to providing tough impact and scratch protection, Glass Elite Privacy has a ClearPrint™ surface treatment that makes fingerprints virtually invisible when your screen is turned on. Glass Elite Privacy is made with up to 30% recycled glass. Installation is easy with ZAGG’s new PerfectFit™ 2-step install system.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
