Holds up your cellphone securely while allowing you to drive Without distraction.

Perfect Protection

The clip is made of high-quality silicone rubber with built-in metal manganese steel sheet, it will not damage the air outlet even if you use it every day.

360 Degree Adjustability

Allow you to fix your phone to the optimal position for perfect viewing. Adjusting your phone to any angle you desire.

Sturdy and Reliable

The rubber coatings protect the phone from scratches and the mount can grip the phone very securely to prevent the phone from falling when driving.
