
Microconnect PE2019R09 power cable Red 0.9 m C20 coupler C19 coupler

Model: PE2019R09

Manufacturer: MICROCONNECT

EAN: 5715063079775

Product Code: 1535327

R1,070

The PE2019R09 Red Power Cable offers a reliable and visually distinct power connection for demanding applications. This 0.9-meter cable features a C20-F connector on one end and a C19-M connector on the other, making it ideal for connecting high-power devices such as servers, UPS systems, and power distribution units (PDUs). The vibrant red color allows for easy identification and organization within complex setups. Engineered with MicroConnect's commitment to premium quality, this power cable ensures secure and efficient power delivery. Benefit from our 20+ years of expertise, securing your critical equipment with a dependable power solution adhering to stringent European design and quality standards. Trust MicroConnect for pioneering innovation in connectivity solutions, delivering power where you need it most with this robust and easily identifiable power cable.
