Severin AS9578 Compact Universal Slicer With DC Motor

Model: 10009578000

Manufacturer: SEVERIN

EAN: 4008146045868

Product Code: 1538832

R1,419

The SEVERIN AS 9578 Compact is a space-saving slicer that is suitable for precise slicing of various cold cuts, bread and other foods. The German RSG Solingen blade provides high-quality cutting results and efficient performance.

The cutting thickness can be adjusted continuously between 0 and 15 mm, so you can easily get exactly the thickness of slices you want. A safety switch, a sliding carriage with finger protection and a residual piece holder make it safe to use.

The removable stainless steel blade makes cleaning easier. The foldable base plate allows for compact storage, so the device is also suitable for smaller kitchens.

Features:

German RSG Solingen blade (Ø 170 mm)
