Microsoft Phone MP52

A cost-effective basic Teams phone with high performance, Android 9.0 OS-based Yealink MP52 is plentiful in practical functions and outstanding in calling experience. The design of a non-touchscreen with physical navigation buttons makes the phone suitable for the common area and best migration practice from skype for business to Teams. Powered by Microsoft, MP52 deliver a consistent Teams calling and meeting experience and improve the productivity in daily work.

Key Features and Benefits

Excellent Calling Experience

The Yealink MP52 leverage the advantage of Yealink Optima HD voice and Noise Proof Technology. The full-duplex hands-free speakerphone with AEC & HAC
handset makes the phone own a high performance with crystal-clear sounds, also keeps the process of each calling stably and smoothly.

Common Area Phone

That adopt to using in the common area, such as school/hospital/business scenarios, the Yealink MP52 is invulnerable to damage caused by the design of non-touchscreen and physical buttons. Moreover, the appearance of a reasonable panel structure and fewer buttons would be appropriate for deploying the phone in the common area. Users can connect Wi-Fi/Bluetooth dongle and compatible USB headset through the USB type-A port.

Efficient Management

Effectively, MP52 offers an auto-provisioning mechanism with phone development and configuration. Managers also are able to deploy, manage and update the MP52 phone in a variety of flexible ways, which include Microsoft TAC, Yealink, and Unify Square device management platforms.
