Model: 2811

Manufacturer: HP INC

EAN: 4030152028115

Product Code: 1539551

R5,529

The elegant HP Pro Shredder 15CC in black design fits next to any desk and should not be missing in any office. With a shredding capacity of 15 A4 sheets, the document shredder shreds your sensitive company data in cross cut into 4 mm x 35 mm clippings and thus meets the high requirements of security level P-4. This ensures the destruction of personal documents such as employment contracts or payrolls in accordance with the data protection directive. The convenient shredder with lockable rollers scores points compared to the similar device from the OneShred series with a particularly quiet operating noise of only 55 decibels and a longer operating time of 20 minutes.
