The functional card cartridges on the middle board can store up to 9 favorite NDS game cards.

The mesh pocket on the lid offers enough room for extra Joy-Cons, Joy-Con straps, earbuds, charging cables, flash drive, etc. You could also put 10000/20000mAh power bank and USB C charging cable for charging on the trip if your extra Joy-Cons are not in use

Shock Protection

The shell of the bag made of hard EVA and Oxford material, it is very tough and durable, can prevent your device from bumping and great pressure during transportation.

Enough Room for your Switch with Joy-cons and Hold Your Switch Tightly

Hook and Loop fastens your console securely and safely

Premium Material

High quality double zipper design is quite smooth to open and close, durable and rust protection.

Interior velvet material enhance the defense and protect the switch from scratch
