

Zalman CNPS9X PERFORMA PLUS ARGB BLACK computer cooling system Processor Fan 12 cm 1 pc(s)

Model: CNPS9X PERFORMA PLUS ARGB BLACK

Manufacturer: ZALMAN

EAN: 8809213765414

Product Code: 1540924

R1,110

Powerful 120mm Annular Fan

Zalman AF120 annular fan is designed to prevent vortex and backflow at the end of the wings, which can improve efficiency and stability by suppressing vibration.

ZM-AF120 ARGB Fan

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

1. The blade vibration is minimized by preventing the trembling of the blades during fan operation and the durability is enhanced.
2. Wind noise is minimized by suppressing the vortex phenomenon that occurs on the blades.
3. Airflow is maximized by minimizing the amount of air flow lost to the outer circumference of the rotor.

Zalman AF120 Annular Fan with Shark Fin Blades

Unlike regular cooling fan, specially designed Zalman AF120 Annular FAN with Shark fin blade provides minimum resistance to airflow allowing minimum operation noise.

Hydro Bearing, like ball bearing, does not come into contact with metal and lubricant layer replaces bearing.

It causes low noise, low heat and shock-resistance that is extremely durable and long-lasting.

Vibrant ARGB Lighting Effect

Stunning and bright ARGB colors shine through the AF120 presenting your build in the most beautiful light possible.

Addressable RGB Control

The addressable RGB lighting can sync with the motherboard via a 5V 3-Pin connector.

Optimized PWM control

9X Performa PLUS Fan has been optimized to perform at its best.

Superior Performance of Aluminum

Heat Sink and Copper Heatpipes

Delicate designed four copper heatpipes and aluminum heat sink are combined for best cooling performance.

Heat sink is spaced to dissipate heat evenly and fast for the best cooling performance.

Black coated copper heatpipes

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

Black/White coated adds aesthetic to CNPS 9X Performa PLUS ARGB and increases thermal conductivity and rust resistance of the heatpipes.

DTH (Direct Touch Heat pipes)

Direct heat transfers to heatpipes maximize cooling performance and minimize heat resistance.

Pre-installed Anti-vibration rubber pads

AF120 housing is made of a rugged material.

It has excellent durability and anti-vibration rubber pads for minimizing the vibration generated during fan operation.

Excellent thermal conductive thermal compound ZM-STC8

CNPS9X Performa ARGB comes with ZM-STC8.

It will provide ideal heat transfer to keep your system cool and ready for heavy loads. Minimizing heat resistance and filling in spaces between your cooler(DTH) and CPU will provide you excellent gaming experience.
