Blend all your favourite fruit, veg and milks for smoothies and shakes with the Blend-Xtract 2GO. Then just pick up the easy-to-handle bottle and take it with you.

Love the daily grind

Homemade pesto in a flash. With the glass multi mill, quickly crush nuts, chop herbs, grind coffee beans, prep dips from around the world. Because it’s glass, strong flavours won’t transfer to the next task.

Juice in a flash

Juice oranges for breakfast. Squeeze lemons and limes for recipes. The citrus juicer is quick to use and easy to clean – just pop it in the dishwasher.

Power at your fingertips The 800W motor is built to last. It’s simple to control with two speeds – one for everyday and one for extra power for tougher ingredients like root veg. Use the pulse on speed dial to coarsely chop herbs.

All the capacity you need

The compact design packs in a generous 2.1L bowl. It comes with three discs to slice, grate and rasp extra fine ingredients. Just pop them on and away you go.

Dishwasher safe tools

MultiPro Compact+ saves time on cleaning as well as food prep. Just pop tools in the dishwasher*.
