Center-view Intelligent Camera

MTR Meeting Room Accessory for front & center view

AIWAYS BEST VIEW. FRONT AND CENTER.

Even remotely, you can meet face-to-face.

MTower center-view camera, with AI-powered Best-view Switching, that seamlessly switch front & center perspectives for an unparalleled, instant, immersive meeting experience, powered by the Qualcomm® QCS8550 processor.

SEE AND HEAR IT ALL.

MTower combines three 4K cameras to deliver flawless coverage. The standout telephoto lens, with its 84.4° field of view, captures every detail with precision, while the two 151° wide-angle side cameras ensure no participant is left out.

With 360 ° pickup range, it detects active speakers and captures voices from up to 6 meters away, also, the AI noise reduction ensures everyone in the meeting is heard clearly.

The privacy shutter features an innovative magnetic levitation design, making it compact, seamless, and whisper-quiet. With automatic opening and closing, it ensures your meetings are secure and
