# Lindy 40707 monitor mount / stand 68.6 cm (27") Desk Black

Model: 40707

Manufacturer: LINDY

EAN: 4002888407076

Product Code: 1545224

## R1,607

The height adjustment capability ensures your monitor is always at eye level, promoting a comfortable, ergonomic workspace that reduces the risk of strain and injury. Best of all, these adjustments can be made effortlessly, without the need for tools after installation.

Integrated cable management keeps your workspace tidy and minimalist by neatly tucking away cables, eliminating unsightly clutter. The design frees up valuable desk space, making room for additional hardware or simply more workspace. This is particularly advantageous in compact office settings like call centers or live chat help desks, where maximizing every inch of space is crucial. Adjusting the monitor weight is simple, just tighten or loosen the adjustment bolt using the supplied Allen key. However it is important to ensure the bolt is not over-tightened, as this could cause the monitor to become loose and unsupported by the arms, simply readjust the tension to resolve this issue.

Please ensure that your display is VESA compatible and does not exceed the maximum supported
