

Techly ICOC DSP-A-075 DisplayPort cable 7.5 m Black

Model: ICOC-DSP-A-075

Manufacturer: TECHLY

EAN: 8054529026630

Product Code: 1545373

R1,251

DisplayPort is a digital video interface standard promoted by the Video Electronics Standards Association VESA. This standard defines a type of digital audio / video connection intended to be used mainly in the connection between the computer and monitor, or between computers and home theater systems.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
