## R1,431

Enjoy a perfect blend of nostalgic design and modern functionality with the Tornado TKE-01328-GS 1.7L Electric Kettle in RETRO style.

With its 1850–2200 W concealed heating element, it brings water to a boil quickly and efficiently—ideal for tea, coffee, and instant meals.

The kettle’s vintage silhouette and matte finish add timeless appeal to any kitchen. A removable washable filter helps keep limescale at bay, while built-in auto shut-off and boil-dry protection ensure safe daily operation.

Its lift-off lid makes refilling easy, and the cord storage keeps your countertop neat. With a generous 1.7 L capacity, the TKE-01328-GS is a stylish and reliable companion for modern kitchens with a retro twist.
