Start recording 5 seconds before motion detection and keep recording until 10 seconds after the activity ends to help you see more of what happened.

Off-site Evidence Protection

Even if your camera is damaged or stolen, any footage saved to mydlink Cloud Recording remains securely backed up.

Total Privacy

End-to-end encryption helps keep your private moments safer.

Access Anytime, Anywhere

Review, download, and share important moments from the mydlink app.

Captures More Detail, Covers More Area

See everything that matters with sharp 2K 3MP resolution. From faces to objects and every important activity, enjoy clear, well-balanced live video with a wide 115° field of view, reducing blind spots so you never miss a detail.

Smarter AI Person Detection

Stay informed without being overwhelmed by false alerts. With built-in edge AI3, the DCS-6012 accurately detects human movement and filters out irrelevant motion, so you receive notifications only when a person is detected.

See Clearly Day and Night

Built-in infrared LEDs automatically switch to black-and-white in low-light conditions, providing clear night vision up to 8 meters, even in complete darkness, so you can confidently monitor your home day and night.
