A clean air fryer always: the 4 reusable non-stick protective liners for air fryers prevent soiling and burning-on of food while maintaining an unobstructed circulation of air

2-in-1 protection for basket & mesh in air fryer

Nothing burns here: the closed base mat catches fat, the perforated inlay prevents the food from sticking

Fits in almost every air fryer

Flexibly customisable: the non-stick inlays can be cut to size and are suitable for all commercially available hot air fryers
