Don't waste a drop with the Fruit Press attachment. Designed to create delicious purées or healthy juices that are full of flavour.

Quantity control

Designed without a bowl to allow a continuous action for large quantities; great for a summer fruit punch, or simply storing in the fridge for later

No job too small

The Fruit Press can even handle small and fine ingredients like berries, leaves and grasses, giving your juices and purees an extra flavour dimension.

Taste sensations

Make the most of fruits that are bursting with flavour - the slow rotating scroll crushes the food to release all the available juice.
