The hyper-responsive 165Hz refresh rate eliminates lag and motion blur for seamless gameplay. Experience smooth, flawless visuals no matter the game, from first-person shooters to real-time strategy. You can see the advantage thanks to faster frame loading

React Instantly

Experience better performance and smooth pixel transitions with a fast 1ms (MPRT) response time. React faster and game with precision.

Prevent Screen Tearing

FreeSync Premium enables smooth gameplay by synchronizing your GPU and monitor outputs, allowing games to be more immersive, and giving you an advantage over the competition

Render Every Detail

See your games in rich detail with our Full HD 1080p display. Combined with a 165Hz refresh rate, you can experience all the action in smooth motion.

Curved Screen Immersion

With an 1500R screen curvature, VX2418C provides a truly immersive viewing experience that lets you enjoy big, bold and stunning panoramic views whether you are working or playing.

Clarity from Wide Viewing Angles

Enjoy superb performance and better viewing quality from horizontal to vertical angles. With SuperClear® Vertical Alignment panel technology, the monitor remains clear and in good contrast color from 178° all around, whether you are looking at the screen from above, below, the front, or the side.
