Print durable labels up to 18mm in width using Brother’s genuine TZe tapes. Providing resistance to water, abrasion, chemicals and temperature extremes, you can be sure your labels will last over time.

Brother's free iPrint and Label app connects your Android or iOS phone or tablet to your label printer via Bluetooth 5.0 (MFi certified) so you can design, edit and print labels containing barcodes, logos and more from your mobile device. Or make professional-looking labels from your PC or Mac using the free P-touch Editor software via USB connection and complete batch labelling jobs from an MS Excel or Word document and with a laptop style keyboard and graphic display, you can instantly create labels on demand.

Includes AC adapter, tape cassette, carry case and USB cable.
