- Rinsing and removing mud from Bikes
- Ideal for balconies or smaller spaces

Functions and Advantages of EasyAquatak 100 Long Lance

Greater flexibility

Bosch High-Pressure Washers are capable of self-priming from an external water source, such as a rainwater tank or container. This gives increased flexibility and mobility of cleaning.

Compact design, easy-to-store

Lightweight and compact design makes it ideal for storage in small homes. It will fit in the smallest storage areas with on-board hose storage.

For quick and easy set-up

Push-fit connections make set-up quick and easy. Hoses and nozzles simply click into place, to get started straightaway.

Increased product protection for longer life

The two filters increase the protection from debris entering the machine and therefore extending product life. Double filtration ensures efficient running and reliability.
