be quickly adapted to different usage situations.

The rotating and tilting holding mechanism allows flexible alignment of the display. This ensures that content remains clearly visible from different viewing angles. The integrated cable management system contributes to a clean appearance and reduces potential trip hazards. A sturdy shelf provides space for receivers, cameras, or mini PCs. Large, smooth-running casters with locking brakes support safe transport and secure positioning.

Display size: Suitable for 37"-70" (94-178 cm)
