Model: 35835

Manufacturer: INLINE

EAN: 4043718260607

Product Code: 1552188

R948

Ultra-flexible InLine® High Speed USB 2.0 (Universal Serial Bus) cable with high-quality, aluminium-coated connectors. Straight or crooked it does not matter, the reversible Type-C connector can be inserted in any direction. Small, compact and inexpensive: With a width of only 8.4x2.6mm, this connector finds its ideal use on smartphones, tablets, external USB hard disks, external USB graphics cards and other peripherals. The special design of this connector allows it to be mounted centrally and flush on a device. Backwards compatibility via adapter. According to the manufacturer, the average lifetime of the Typ-C connector is 10,000 mating operations, twice as long as the Typ- A connectors.
