

InLine SmartHome humidity sensor

Model: 40151

Manufacturer: INLINE

EAN: 4043718281275

Product Code: 1552211

R1,170

The InLine® Smart Home humidity sensor is a contact signal transmitter that can be integrated into your WiFi smart home network. The sensor reacts to liquids and then triggers a signal or scenarios and automatisms in a smart home system. The humidity sensor can also be linked to other smart devices. Use the humidity sensor in washrooms, bathrooms or kitchens, for example, to protect against water damage. Set up and link with smart devices or configure automatisms and scenarios via the Smart life app.
