

InLine Smart Home motion detector

Model: 40153

Manufacturer: INLINE

EAN: 4043718281299

Product Code: 1552475

R1,137

The InLine® Smart Home motion detector is a sensor that can be integrated into your WiFi smart home network. The sensor reacts to movements and then triggers a signal or scenarios and automatisms in a smart home system. In the process, the motion detector can also be linked to other smart devices. Use the motion detector to trigger light scenarios, for example. Setting up the alarm siren as well as linking it to smart devices or configuring automatisms and scenarios is done via the Smart life app.
