R829

InLine® High Speed Mini USB 2.0 (Universal Serial Bus) cable with Type-C connector. Straight or crooked it doesn't matter, the reversible Type-C connector can be inserted in any direction. Small, compact and economical: With a width of only 8.4x2.6mm, this connector finds its ideal use on smartphones or tablets. The special design of this connector allows it to be mounted centrally and flush on a device. Backward compatibility via adapter.
